

U.S. Embassy Belgrade, Serbia
Solicitation 19RB1020Q0413

MPV PASSENGER VAN (6+1)

Questions & Answers

As of March 12, 2020

1. Question: The car will be delivered on a platform truck without any registration. Is this acceptable?

Answer: Yes.

2. Question: The delivery period can be greater than the requested 120 days, is that acceptable? Reason being that delivery times are set by the manufacturer plus delivery time required. Also, there is the issue of the global COVID-19 quarantine situation. What can we expect if it escalates?

Answer: We cannot accept delivery time less than that stated in the solicitation, i.e. 120 calendar days. We will resolve delivery issues relating to COVID-19 with the awardee if and when they arise.

3. Question: Do you require any specific permits for the delivery of this vehicle?

Answer: No specific permits are required in order to submit a quote. The Embassy will provide the awardee with instructions and documents pertaining to the import of the vehicle.

4. Question: If we are not a Serbian company (which is our case) we can bid in Euro?

Answer: Yes.

5. Question: Do you have any preference for the arrangement of the 7 seats of the van?

Answer: Yes. 2 in front row, 2 in the middle row (revolving) and 3 in the back row (sliding front to back to increase/decrease trunk space).
